

What's New Page

Introducing Elkay's EZH2O™ bottle filling station.

- Ideal for education, healthcare facilities, fitness clubs, and hospitality

EZH2O reduces our dependency on plastic water bottles, provides a **rapid fill** of **filtered water** to **quench thirst** and help **minimize disposable plastic bottle waste** in the environment.

Retro-fit unit pairs with most pushbar activated Elkay "EZ style" water coolers. Product can easily transform an EZ water cooler into a bottle filling station

EZH2O VIDEOS

In-wall design is great for new construction. It can stand alone or pair with Soft Sides® and SwirlFlo® drinking fountains for the ultimate high-end water station

● QUICK, CLEAN + GREEN

- The EZH2O fill rate* is 1.1-1.5 gpm; 3 times faster than a traditional drinking fountain
- One-handed operation allows for a quick fill between activities
- The electronic sensor provides touchless, sanitary operation; just place and fill
- New WaterSentry® Plus 3000 gallon filter is included (NSF approved for taste, odor and lead reduction)
- Integrated Silver Ion Anti-microbial protects against mold and mildew growth
- Innovative Green Ticker counts the quantity of 16 oz. bottles saved from land fills for non-refrigerated units and 12 oz. bottles saved for refrigerated units
